Maybury Primary School

Accessibility Plan 2022 – 2025

Mission

Our values-based school nurtures curiosity and creativity through an inspiring, broad and engaging curriculum, where learning is at the heart of all that we do. Our children learn to become resilient and self-assured in an environment where safety is outstanding. Everyone is challenged and encouraged to thrive and achieve as individuals, preparing them for their role as caring and active citizens in modern Britain.

Vision statement

Believe. Achieve. Succeed.

At Maybury Primary School we are aware that we have a general duty under the Equality Act 2010 to:

- Eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act
- Advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it
- Foster good relations between persons who share a protected characteristic and persons who do not share it.

With this in mind this Accessibility Plan has been drawn up in consultation with all relevant stakeholders of the school and covers the period from Sept 2022 – Sept 2025. It should be read in conjunction with our school's Equality and Diversity policy.

We are committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their age, education, physical, sensory, social, spiritual, emotional and cultural needs.

We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

The Accessibility Plan will contain relevant actions to:

- Improve awareness of Equality, Diversity and Inclusion.
- Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers improvements to the physical environment of the school and physical aids to access education.
- Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as equally prepared for life as able-bodied pupils. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.
- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include handouts, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.

Inclusion, Equality and Diversity Statement:

We are strongly committed to ensuring equality of education and opportunity for all pupils, staff, parents and carers within our school community. We believe that diversity is a strength to be celebrated and we actively promote positive representations and models of race, ethnicity, gender, disability and religion. Our school ethos is underpinned by a culture of inclusion in which all those connected to the school feel valued and proud of their identity and able to participate fully in school life. We tackle discrimination by the positive promotion of equality, by challenging bullying and stereotypes and creating an environment which champions respect for all.
